

FOR IMMEDIATE PUBLICATION

BERICAP Aluminium Becomes Exclusive Partner of VDP for Aluminum Roll-On Closures and Showcases Its Portfolio at ProWein 2025

Bad Liebenstein, March 11, 2024 – As of 2025, BERICAP Aluminium GmbH is the exclusive partner of the Verband Deutscher Prädikatsweingüter (VDP) for aluminum roll-on closures. The VDP unites around 200 of Germany's top wineries and is committed to the highest quality standards in German viticulture. As a leading manufacturer of aluminum roll-on closures for the wine and spirits industry, BERICAP Aluminium reinforces its commitment to quality, innovation, and sustainability through this partnership. BERICAP Aluminium offers winemakers highly functional, aesthetically pleasing, and sustainable closure solutions that optimally complement the character and value of their wines.

Partnership for the Highest Quality and Innovation

With more than 30 years of experience in manufacturing aluminum roll-on closures made in Germany, BERICAP Aluminium stands for precision, functionality, and design. "Through our collaboration, we aim to support the VDP's mission to present premium wines with the highest quality and authenticity," says Kevin Müller of BERICAP Aluminium.

Together with the VDP, BERICAP Aluminium is working to set new benchmarks in wine packaging while also providing sustainable alternatives for winemakers. In addition to BERICAP Aluminium, the Morlo Lafitte Group is also represented as a new partner for cork and capsule solutions. "With Morlo Lafitte Group and BERICAP Aluminium, we have gained two strong partners who combine the highest precision and innovation while also demonstrating a long-standing success story in the wine market," explains Theresa Olkus, Managing Director of the VDP.

Showcasing at ProWein 2025

At ProWein 2025 in Düsseldorf, BERICAP Aluminium will be present with two exhibition stands: **Stand B23 in Hall 4** and at the VDP joint stand **C138 in Hall 1**. From March 16 to 18, 2025, trade visitors will have the opportunity to explore BERICAP Aluminium's extensive portfolio of closures. The range includes classic roll-on pilfer-proof (ROPP) aluminum closures as well as highly complex safety closures that meet the highest standards of functionality and design. The portfolio offers customized solutions tailored to individual customer requirements, including various sealing materials and designs, which can be fulfilled even more precisely using in-house printing technologies and hot foil embossing.

PRESS RELEASE

About BERICAP

BERICAP is one of the leading global manufacturers of plastic and aluminum closures, with 30 production plants serving customers in over 100 countries across the world. With specialized R&D centers and its own mold shop, BERICAP is ideally equipped for the development of innovative and climate-friendly closures and to support its customers' success with a comprehensive portfolio of products.

Best manufacturing practices at BERICAP are centrally coordinated and regularly reviewed at each plant to ensure superior quality. All BERICAP plants are certified as compliant with ISO 9001 and the GRSI Benchmarking standards. The company's highest priorities are product safety, consumer convenience and design flexibility, as well as process safety and sustainability. BERICAP is particularly committed to material reduction through the development of lightweight designs and the use of biobased and recycled materials (PCR). In this way it is helping to conserve natural resources and close the loop in the packaging industry.
